The program is working on creating a version that combines Dave's redline with the staff responses. We can send it to you when it is ready so you can review before it is sent to Dave. There were not many changes to Dave's edits. I will pass along your feedback on the comment bubble.

Thanks. Is the comment the only feedback to Dave's edits? As to the comment, I think the draft is clear that this is FDEP's view, so I don't agree that any change is needed.

Hi David – Attached is a clean version of the ESA memo, with one comment bubble. The program plans to send a version to Dave later today. Would you like to provide feedback today before we send to Dave?
